I – The MONEY \$ Thing;

- a- Costs 11L per month, [that is a very good price. Equivalent to approximately --66L = ~\$1.30US, or around \$0.20 that is 20 cents per month.]

Most of the demos and interactions are also included for that price. Where they are not, they can cost upwards of 5L per trip or as little as 1L. [where/when you do get charged extra, will be rare, but these extra charge items are planned to include wrestle bots as well as unique lesbian and vampire fetish bots/statues for you to interact with. Also the oldest profession is alive and well in second life See this article – [escorts](#) among others -[escorts2](#). and NO this hobby is anything but secretive. SL is a lot more fun than most VR Adult Sites, and more often much better and LIBERAL AND YES, along with various rooms and sky boxes set aside for couples to play pose the salami, there will be more exclusive venues that “ClubCatfight” controls with their own contract facilitators, mainly to involve basic fantasies like two girls fighting then fucking each other over Big Billy’s wank ... currently these will be at the Space Privateer’s Suite and various Holo-Deck fantasy rooms. These are not on the map, at least not the maps here. You can pick those up, as well as, meet some gals at the red lips or “red shift” after hours bar. Our MEGA Holo Deck area is generally open to the members at large 24/7, but will be closed off when used with our more unique entertainment vehicles 😊]

There are free gifts every month, but you have to look for them 😊

Also, there is one semi private area, with two rooms [the read light sky box] but more are planned, depending on the needs. They are marked at the transporter with a simple “SP” tag.

There is also two Store Areas. One mainly for Fetish, the other for items other than “Adult”. Adult list would include all kinds of sexy fetish art and toys, while the None Adult annex has items like lights, collars, hot dog machines, clothing items, sharp teeth, etc., etc.

- b- MAKING \$L; Private female Avatar Contractors are welcome. We have set up a Contact Board outside of “Flossies Dance Club”. On it will be two areas. One for contractors and another area just for avatars that want to hook up on the fight mats or some sexy time animation beds 😊
- c- Have a new product in SL that we missed and you think we could use? Then IM “WestCat” in world.

II- What have we got and where is it?

OK here it is the big map, and an outline map for each of the three main areas, shall be at each of the 3 areas. **BUT FIRST --- Use Night setting for your SL Inworld browser with clear star lit nights**

III- Keeping up with the Fun.

A lot of SL Clubs use IM or instant messaging, and if you follow it while in world or while in Second Life it can drive you nuts! So, I am preferring to just make things known with simple blog entries, and eventually set up a group Email for those who want to know more and be kept in the loop.

For now there is a Store blog [here>>>](#) which I will also begin to use for upcoming activities.

In addition, I already have a general [calendar>>>](#) , which I also put my Catfight works on and planned release dates. I will also announce events for Club CatFight here as well. Does not always pan out exactly but hey 😊

IV-The MAIN Rules 😊 *NOTE; there are more specific rules or boundaries for each of the above areas; 1,2 and 3*

- 1- Things that will get you kicked out and possibly banned for life from the entire compound;
 - a- Trying to get in, or especially sneaking in somehow without a membership.
 - b- Trying to hack the site or bring in any kind of hacking script.
 - c- Speaking of scripts. Over use of scripts. YES, we do have a program that monitors that on each of the three islands.
 - d- Getting in my face! If you have a legitimate concern or even an idea FANTASTIC! Plus FYI Anything here is something I made or bought and/or have the proper licensing for so no bull shit outing about nothing!
 - e- Trying to out someone. That is “I know who you really are in the real world...” and other Catty Crap. NOW you can fight and bite all you want, and the designated areas are real obvious 😊 Having said that I am not a big fan of IM group messaging. Now you want a partner or even pay for one, fine. That is what the big board is for.
 - f- What happens in 2nd Life STAYS in 2nd Life ... NO Squealers.
 - g- BUT THE BIGGEST RULE [won't get you banned but...] HAVE FUN.
- 2- Repeated and objectionable comments and actions to other Avatars [or as the Vamps like to call them ... DINNER !!! 🙄] Now this is a tough one to call simply because of the nature of some fetishes. Yes a White or Black or Asian or Alien, etc can bring in on a cable tow or slave chain, rope all collared up ... A feeding Slave, [or as the Vamps like to call them ... DINNER !!! 🙄 🙄] And yes they too may be black or white or Asian or Alien.
- 3- Regarding “3” Vamp Island all Male and Female HUMANS are required to purchase and wear the collar of their choice while in the Vamp area. No exceptions, unless you are a Furry. It is to protect you. Also, some of the collars have fun little ditties in them, plus they are only 1L each. Available from the front entrance Table. Any Male or Female Avatars not wearing Collars shall be given ONE warning. After that you are banned without a refund.

- 4- OH and one other sexy little rule. Any Male Vampire members are required to turn one Female Human for us, upon request. They must also be accompanied by two female bisexual Vampires or two bi female humans about to be turned [with collars]. The human girls can even fight each other for the right to be turned first by their Master 😊. Oh and Gay Vamps are welcome of course along with TV's 😊 You can provide some wrestling entertainment for your Girly Vamps pals when requested/demanded 😊 😊
